Typesetting

## ABSTRACT

This is a one-paper-multiple-typesetting-styles template. With this template, users can easily switch to different LaTeX typesetting styles while maintaining up-to-date content. For example, in case a paper is unfortunately rejected without being reviewed, users can switch to a better journal or conference immediately or even directly. We hope all papers can be accepted in a suitable and satisfying place.

## 1. Introduction

[illegible]

The remaining sections are structured as follows. Section 2 is the related work. Section 3 is the methodology. Section 4 presents the experiments. Section 5 presents the experimental results and discussion. Section 6 is the conclusion, which concludes the whole work. Some possible future research directions are proposed.

## 2. Related Work

This is the related work. This is the related work. This is

## Acknowledgement

Thanks to the editors and the anonymous reviewers for their insightful comments, which improved the quality of this paper.

## Funding Statement

There is no funding.

## Declaration of Competing Interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

## Authors' Contributions

All authors reviewed and acknowledged the manuscript.

## Ethical Consideration Statement

No human or animal materials are involved in this paper.
