## ARTICLE INFO

## Keywords: LaTeX

Typesetting Acceptance

### ABSTRACT

This is a one-paper-multiple-typesetting-styles template. With this template, users can easily switch to different LaTeX typesetting styles while maintaining up-to-date content. For example, in case a paper is unfortunately rejected without being reviewed, users can switch to a better journal or conference immediately or even directly. We hope all papers can be accepted in a suitable and satisfying place.

## 1. Introduction

This is the introduction. See links [1-3] for more information. This is the introduction. See links [1–3] for more information. This is the introduction. See links [1-3] for more information. This is the introduction. See links [1– 3] for more information. This is the introduction. See links [1-3] for more information. This is the introduction. See links [1–3] for more information. This is the introduction. See links [1-3] for more information. This is the introduction. See links [1-3] for more information. This is the introduction. See links [1-3] for more information. This is the introduction. See links [1–3] for more information.

The remaining sections are structured as follows. Section 2 is the related work. Section 3 is the methodology. Section 4 presents the experiments. Section 5 presents the experimental results and discussion. Section 6 is the conclusion, which concludes the whole work. Some possible future research directions are proposed.

## 2. Related Work

This is the related work. This is the related work.

# 3. Methodology

This is the methodology. This is the methodology.

# 4. Experiments

These are the experiments. These are the experiments.

#### 5. Results and Discussion

These are the results and discussion. These are the results and discussion.

### **5.1.** Experimental results

An example figure is shown in Fig. 1.

#### 5.2. Discussion

This is the discussion. This is the discussion.

## 6. Conclusion

This is the conclusion. This is the conclusion.

This is the future work. This is the future work.
