1 **ABSTRACT:** This is a one-paper-multiple-typesetting-styles template. With this template, users can easily
2 switch to different LaTeX typesetting styles while maintaining up-to-date content. For example, in case a
3 paper is unfortunately rejected without being reviewed, users can switch to a better journal or conference
4 immediately or even directly. We hope all papers can be accepted in a suitable and satisfying place.

5 **KEYWORDS:** LaTeX; Typesetting; Acceptance
